

**Applications Due
October 25th**

Conservation Pathways Scholarship Program

Interested to learn more about conservation and environmental career fields? Want to join a growing network of aspiring conservation professionals in Wisconsin? Consider applying for WGF's Conservation Pathways Scholarship Program!

Our goal is to give **all students from all backgrounds** an opportunity to feel they belong and can succeed in the environmental and conservation fields. First generation college students, women, and those from under-represented minorities are strongly encouraged to apply.

About

- One year program
- \$1000 scholarship
- Paired **mentorship** with a junior and senior WGF member
- Cohort-based activities and professional development opportunities
- Participation in WGF field trips and events
